STATINTL

Dear Marion :

I enjoyed talking to you last night. I think that the enclosed forms will keep you busy for a while. However, if you have any trouble with them, please give me a call.

If you get in the Washington area, I would certainly enjoy talking to you. If you want to return these forms directly to me, I will see that they get into the proper hands here. Say hello to Bob for me the next time you see him.

Regards,

STATINTL
